Due**
- **Fri., Sept. 30**
Noon Dismissal

Hello Parents,

Thank you all for the donations to our Hands of Mercy– Sudan collection. Deaconess Nuffer was here on Monday to teach us about her work in Sudan and we were happy to present her with our donations!

Fit and Fun Walk: Tomorrow, Friday, is our Fit and Fun Walk. Please ensure your child dresses in comfortable clothing and walking shoes. Please also note that the N.E.W. Walk-a-thon is coming up next Friday, Sept. 23, so comfortable clothing will also be needed on this date.

Religion and Memory: In Religion, we have been learning about Cain and Abel and the Tower of Babel. We have been talking about pride and humility, and the students have been eager to work on building gum-drop and toothpick towers— without communicating! You have probably noted that our Memory schedule this year does not run in order of the Memory book. This is so that our Memory can be connected to the Bible stories we are learning in Religion class.

3rd-4th Science: In science, we have been creating many experiments lately to help us learn about different landforms. We have created model beaches, mountains and valleys, and deserts. We are nearing the end of our first chapter and we be using a “Jeopardy!” style game to review our key vocabulary terms.

Math: The 3rd, 4th, and 5th graders are nearing the end of their first chapters of math. Their first math test is coming up next week on Wednesday. After this, tests will be about every 5 lessons. We have also been practicing our basic math facts to increase our speed in recalling these.

Hopefully you can join us this Sunday as we recognize Mrs. Zietler’s many years of service at St. Paul Lutheran School. Have a wonderful weekend!

In Christ,
Miss Bernau
